LISBON FIRE DEPARTMENT

Nov. 1, 1967 to Nov. 30, 1968

The department had a total of 51 calls, of which 17 were general alarms. Out of town fires included 4 fires in Lyman, 1 fire in Bath and 5 fires in Landaff.

Calls included the following:

- 16 house or building fires
- 13 brush or grass fires
- 3 oil burner fires
- 2 truck or automobile fires
- 1 trailer fire
- 1 false alarm
- 1 call for cleaning gasoline spillage from streets
- 14 calls for shoveling hydrants, fixing hose, building inspections
truck maintenance

Your department members this past year have participated in two courses offered by the State of New Hampshire in fire service training under the division of Fire Control. This makes a total of seven courses that the department members have taken from 1964-1968. From 1964-1967 we were offered 2 pump courses, 1 Scott-Air Pack and rescue course, a ladder course and a resuscitator course.

This past year we added a tactic's and preplanning course and also one in firemanship. All of these courses are offered to the town and the members have taken advantage of this most valuable training. A total of 140 hours are represented in these 7 courses.

The department purchases approximately \$500.00 worth of new hose each year, this past year we purchased 10 pair of new fire boots, 2 air tanks for the breathing apparatus and a few small tools.

The Lisbon department extends its fire protection to the towns of Landaff, Lyman and to parts of Sugar Hill and Bath. Both Sugar Hill and Bath are members of the Mutual Aid System while Lyman and Landaff are billed for their calls.

Again, as in the past, the department wishes to extend a Thank You for the help and goodwill by the townspeople when we sponsor the Annual Horse Show. With the funds received from this summer project we have been able to repair valuable equipment without adding to your tax dollars. We are now saving money to go towards a new fire station.

At the present time your Chief is president of the Twin State Fireman's Association and this office will expire in January of 1970.

We thank you all for the cooperation we have received.

Stanley H. Snell, Chief
Lisbon Fire Department

Report of Forest Fire Warden & District Chief

New Hampshire is the fastest growing state in the northeast in terms of population increase. It is also an industrialized state and this growth is likely to continue, all of which means more families and homes. Our growing summer population is scattered throughout the state with a phenomenal increase in vacation homes.

Many new homes and practically all cottages are being located in woodlands and abandoned fields and forests crowd into the backyards of our village streets. In a state where the forests cover 86% of the land surface, it is necessary that everyone be aware all through the season, which comes with the disappearance of the snow until the snow comes again, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn--
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire before you light the match
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save our tax dollars for useful purposes.
